TORI’S NECK-UP (NECK WARMER)

This type of scarf is worn when skiing or snowboarding. This was done in a couple of hours, it’s very simple, and quick! I tried it on and loved it. It’s comfortable to wear under a jacket or coat, and looks good! My daughter who is a young adult, loved it, and asked for one to match her winter jacket, so I must have done something right!

Red Heart Light & Lofty Yarn – 1 Skein
Loom –

Using 1 strand, wrap all pegs and knit off.
Repeat, working 30 rounds.
Pick up 1st row that you did, and place it back on the pegs, and knit off.
Remove using your favorite method. I used a crochet hook, and crocheted each stitch off the pegs, and ended off.

That’s it!! It’s short, not cumbersome, and keeps you warm without the long length of a typical scarf.

Remove stitches using gathering method. Cut green leaving a long length. Thread into large eye plastic needle. Remove stitches from pegs using this length of yarn. Pull yarn tightly when all stitches have been removed, gathering stitches. Knot and cut off excess yarn.

I have included a chart to follow if that is easier to follow.
